

THURSDAY, NOV. 2, 1882.

## THIS DAY'S DOINGS.

**MORNING.**  
Entries of boats for the races at the Armory, at 11 o'clock.  
Mr. Adams will sell at 12 noon, at Sales Room, valuable sugar, Kalo and Pasture Lands.

**AFTERNOON.**  
Kinder Garten Bible Class, at 3.  
**EVENING.**

G. A. R., K. of P. Hall, 7:30.  
Fire Department, 7:30.

## MINUTE GUNS.

Yesterday, the Alaska was observed to be flying her flag half-mast high. On enquiring we found it was to honor the memory of Rear-Admiral Beaumont, who had died in August. The deceased gentleman entered the service in 1838 as a midshipman, and when he retired was in charge of Portsmouth Navy Yard. He was about 61 years of age. At noon 13 minute guns were fired.

## THE FIRST HAWAIIAN COIN.

We have been shown a silver medal, a little larger than a dime, but much thicker, which has been got up by Messrs. Broglio & Spear, the enterprising jewelers of Fort street. The obverse bears a full face portrait of His Majesty, with the legend, "Kalakaua I, Ka Mo'i o Hawaii," and on the reverse is a wreath of laurel leaves encircling a crown, surmounting the figures 1882. It is intended to be worn on bangles, and can be had in either gold or silver.

Comparative monthly mortality.—October, 1878, 47 deaths; October, 1879, 52 deaths; October, 1880, 51 deaths; October, 1881, 40 deaths; October, 1882, 54 deaths.

JOSEPH H. BROWN,  
Agent Board of Health.

## PATRIOTIC ENTERPRISE.

We have received advance sheets of a little work which is to be scattered broadcast over the world. J. Williams & Co., the well-known photographers, on Fort street, have prepared a handy little Tourist's Guide for gratuitous distribution in all parts of the globe.

It is a well-written little article, and fairly points out most of the objects of interest in the group, and the means of attaining a view of them. It will be illustrated by miniature photographs of places of interest. The enterprise of undertaking such a thing will be seen when we state that it is intended to issue a first edition of 50,000 copies. We trust that Mr. Williams' efforts to render the islands a popular resort for foreign tourists will meet its due reward.

## A PUZZLE.

We have received a copy of the *Union Volunteer*, a paper devoted to the interests of the soldiers and sailors engaged in the war. We extract the following puzzle from its interesting columns: "A duel was lately fought in Texas by Alexander Shott and John Nott. Nott was shot and Shott was not. In this case it is better to be Shott than Nott. There was a rumor that Nott was not shot, and Shott avows that he shot Nott, which proves either that the shot Shott shot at Nott was not shot or that Nott was shot notwithstanding. Circumstantial evidence is not always good. It may be made to appear on trial that the shot Shott shot shot Nott, or, as accidents, with firearms are frequent, "may be possible that the shot Shott shot shot Shott himself," when the whole affair would resolve itself into its original element, and Shott would be shot and Nott would be not. We think, however, that the shot Shott shot shot not Shott but Nott; any way it is hard to tell who was shot.

## SHIPPING NOTES.

YESTERDAY, at 1:30 P.M., the British steamer Madras, Captain Bradley, 26 days from Hongkong, arrived in port. She was boarded by the Port Physician, as she had hoisted the yellow flag outside. This was done as a measure of precaution only, as there was no sickness on board. She is en route for Victoria, B.C., and has 159 passengers for there, and none for this port. She will land 600 tons freight here. She is built in Stockton, 1,672 tons burthen, and is owned by Learoyd of London.

The Waichu will be hove down for repairs.

The New York *Maritime Register*, of Oct. 11th, reports: Bark Remijne, Hawes, from New Castle, N.S.W., for San Francisco, via Honolulu, with coal, met with three successive gales on July 3rd, 9th and 12th, between lat. 29.36 S. and 34 S., and between 166 E. and 174 W. The vessel suffered considerably in hull, sails and rigging, started topsides badly, carried away some top spars, and threw overboard 25 tons of coal. She fortunately had a steam pump aboard, and having secured the rent in her side, in a temporary manner, she made for Levuka for repairs, the cost of which is estimated at no less than £500. Two hundred tons of coal were discharged to get at the leak, and have been sold. She was still at Levuka on Aug. 2.

Elinor Vernon, Humphries, was loading at New York, Oct. 11th, for Honolulu.

The schooner Emma will go today at 4 P.M. to Wailua and Waianae, as she has been thoroughly overhauled and repaired.

The Revere brought 575,000 feet of lumber and 50,000 laths to Allen & Robinson.

The Buena Vista brought 529,139 ft. of lumber and 75,000 shingles for Hackfeld & Co.

## LOCAL AND GENERAL ITEMS.

S. J. Levey won the "Livermore Pet"—throw 50.

We hear the Government House boat crew has disbanded, and will unite again under a fresh leader.

Has the coinage question had that consideration and discussion which its importance demands?

Ex Zealandia, Gents fine Tweed Suits, at Chas. J. Fishel's.

All the Norwegians now in Oahu gaol were put to work on the roads on Tuesday, by order of the Marshal.

Mr. Ellis is again to the front with his sales of stock. Tuesday, 25 shares of Telephone Stock at \$50. Wednesday, 20 shares Star Mill, at \$500.

A most glorious picnic was held on Saturday by courtesy of Mr. F. Brown at his Waikiki residence. No less than sixty-one ladies were there and not one of the baser sex. The whole day was spent in enjoyment and bathing.

We hear that Mr. Hinckley, who had his passport stopped by Dr. Rodgers, has written a very vulgar letter to both doctors, addressing it to Dr. Fitch. We are sure all right minded men will reprobate such disgraceful conduct.

Good unbleached cotton 14 yards, for only \$1.00, at Chas. J. Fishel's Leading Millinery House.

The Hawaiian red ribbon league of liberty and freedom now numbers about 30 members. Many of its members say that they do not drink but wish to show that they stand up for their rights.

Two boat-loads of wreckage were brought from the Niagara on Tuesday, and sold for firewood to Chinamen. The wheat is washed entirely out of the hold, so there is no further fear of an epidemic from that direction.

The Hon. J. S. Walker yesterday took charge of the Auditor General's office. He has been for some weeks getting things ready, and yesterday was formally installed in his office. We feel sure he will fill the post to the satisfaction of all parties.

MR. CUNHA has not lost anything by stopping his free lunch but, on the contrary, has gained. We understand he ceased giving them at the request of a prominent temperance man, who urged him not to make the place so attractive to boys.

A LETTER was received from England by the last mail, by Mr. Levy Isaac, in the Chamberlain's office, from a friend, in which the safe arrival of the Hawaiian youths was noticed, and what is more interesting to Englishmen contained some dried buttercups and daisies. Mr. Isaac will be happy to show them to any one desiring to see once again "sweet flowers from home."

White open front shirts, at Chas. J. Fishel's Leading Millinery House.

Plain Sateens all colors, at Chas. J. Fishel's Leading Millinery House.

4000 yards of Quebec all wool flannel, from 25 cts. up, at Chas. J. Fishel's Leading Millinery House.

## LONDON GOSSIP.

(BY FLANEUR.)  
Special for the Daily Bulletin.

The movement to raise a monument to Longfellow in Westminster Abbey is one which is deserving of sympathy and support. We English admired the pleasant numbers of the blameless bard almost if not quite as much as they were admired by his own countrymen. It may be, too, that we had a juster appreciation of the majority of his poems. "Hiawatha" notwithstanding, Longfellow was essentially a British poet, a bard of Old as well as of New England, therefore it is only right that we should do ourselves the honour of placing something to help to keep his memory green in Westminster Abbey. These are my views, and yet I would ask if there is not a danger of making the Longfellow Memorial Committee a rather ridiculous body? It would be just as wise to appoint a committee of the whole nation, with power to add the names of nobody to a list which included at the outset of the undertaking those of Alfred Tennyson and Robert Browning. Once let the suspicion arise that it is more with a desire to advertise themselves than with the view of benefiting the undertaking that men are joining the committee, and the thing becomes a mark for the shafts of the satirist. The work should be nobly done, or not at all.
